

## **P.O.P.S. (Parents of Positive Students)**

### **Mission**

**Belmont Elementary School Parents of Positive Students is a program designed to encourage, motivate, and promote student success, while preparing students for the 21<sup>st</sup> century.**

This program will concentrate on increasing parent participation at PTA meetings, and student planned events. We will reward those students who attend school daily, show progress in the classroom, and set a positive example amongst peers in the class setting. Students will also be recognized for community achievements throughout the school year, by securing partnerships with local businesses.

Please complete the information below, and return the form to school.
